

# EvangeAgain .org

---

To Pastor/Teacher,

We are getting together a group of Christians in this area to hand out tracks and witness in the streets and parks of the grace of God that leads people to repentance. One major problem we have though is where to refer people to who receive the Gospel into their hearts or are in the valley of decision still. I am sending this questionnaire out as a local worker in the harvest fields to as many churches as I can in the area to see if we can find church assemblies we would feel comfortable with in sending new-born or interested Christians to. Please check the boxes on the questionnaire form enclosed to confirm that you endeavor to teach sound doctrine. Then sign and email to us so we have a list of suitable churches and Wednesday night bible studies that we can refer new Christians to. Please reply if you would like those that hunger and thirst for righteousness to be able to find you.

Thank You, local EvangeAgain.org laborer and follower of Jesus
